We currently require all registration forms to be returned before attending the group. This is particularly important for this year due to restrictions on group numbers and the need to have contact details for Covid tracing purposes if needed.

Due to the Covid-19 situation we currently operate at a limited capacity. We have started a WhatsApp group for our Sunshine Kids families to keep in contact with and support each other along side our in person group. If you consent to joining this group please be aware that your phone number will be visible to all other group members. You can register for Sunshine Kids without joining the WhatsApp group chat.

We want everyone to feel safe in the WhatsApp group and so ask that to agree to the following conditions before joining:

- Conversations held on the group chat are to remain among the group.
- Everyone has a right to their opinion please respect this even when it disagrees with your own.
- No Bullying or name calling in the chat.
- Any photos or images posted are not to be shared outside the group without express permission from the original poster.
- The moderators reserve the right to remove anyone from the group who is found to be in violation of these rules.

I _____ agree to my phone number being added to the Sunshine Kids Families WhatsApp group, and will follow the conditions set out above.

The mobile number I wish to be used for this is _____.
